

Although the use of cameras and video capturing equipment is permitted, may we remind you that this is for your own personal viewing and should not be shared or uploaded to any internet or social networking site regardless of personal security settings.

Mobile phones should be switched off or turned to silent and should not be used to make calls or send messages within the school area. The main reception area may be used for this purpose.

This is in line with our school policy for acceptable use of photographic images.

Many Thanks

Ryton Infant and Junior School Federation
